

## Caroline Jacobsson

Caroline Jacobsson is Information & Communications Adviser at the European Metalworkers' Federation (EMF) in Brussels. Ms Jacobsson obtained her Master of Arts degree in East Asia Science from Stockholm University in the year 2000.

At the EMF she is responsible for the metal sector of information and communication technology. Her current work focuses on e-skills for metalworkers across Europe, the Post i2010 agenda and EU standardisation policy.

Her latest book (co-author) is called "Is China a risk or an opportunity for Europe?" (Peter Lang, 2008).
