

## Peter Hagedoorn

Peter Hagedoorn (63), M.Sc., received his Master of Science degree in physics from the Technical University Delft, The Netherlands. Upon graduation he completed an internship with the European Commission in Brussels.

He worked for Shell International Petroleum Company in The Hague as process technologist and for the Ministry of Economic Affairs in The Hague as civil servant in the departments for Nuclear Energy and later for International Technology Cooperation.

In the IT industry he worked for Bull Netherlands, was thereafter a Director of RAET (Dutch software company) and became later an independent organisational consultant / interim manager.

In 1997 he was appointed as Director of the Dutch Millennium Platform: the national campaign about the millennium problems.

In 2000 he became Chief Information Officer and Vice-President of Hagemeyer (a Dutch multinational trading company), and thereafter Chief Information Officer and Senior Vice-President for Océ NV (a Dutch multinational printer company)

Peter Hagedoorn started in 2004 with some other dutch CIOs, the Dutch CIO Platform: the society for CIOs. In 2005 Peter Hagedoorn was awarded with the "CIO-of-the-year Award 2005" for all his CIO activities. He is president of the Advisory Board of the CIO Platform Netherlands and advisor for several public and private bodies. One of his occupations is his role as e-skills Program Director for EuroCIO.
